WHAT A VALUABLE HISTORICAL DOCUMENT! For a change, I am certain everyone in the group photo is older than me! Any more priceless treasures where this surprisingly HD picture came from, Pete? Although these people were born before most of us and they are now in Heaven, they look in the picture just like we would have looked if we had been present at the event! But now comes the hard part - identifying and tagging everyone in the photo -- probably an impossible task, unless anybody in it is still alive and lucid enough to recognize his friends and help us. Volunteers?

Second to the last row, 2nd and 3rd from right, respectively, Eng'g. grads Rod Ferrer and Roger Murga, respectively.

Rod Ferrer was initially with DCCD, before forming his own very successful consulting group, Rod Ferrer and Associates. His younger brother, Art, also an UPCAN, UP Law around 1960, joined the Jesuits and now regularly celebrates Mass at the Ateneo Professional School at Rockwell.

Roger Murga was initially managing maintenance of UPDiliman. He subsequently joined the private sector and became CEO of EEI. After retirement from the private sector, I seem to recall that he was appointed President, of the National Power Corporation.

Identifying fellow UPSCANS in that photo brings back happy memories of Delaney Hall- the waltzes, boogies & fellowships that lasted to this day! Recognizable are Noel Soriano, Roger Murga, Enteng Batas, Caring Vergara, Jimmy Balaoing, Fr. Cebrero who was our chaplain then, Patty Munsayac, Ernie Santos, Nanding Pintucan, the brods Ding & Demy Salipsip, Toto Llavore, Nonong Quero, Lerma Saddul, Rey Cedeno, May Minoza, Tet Gambito, Jimmy Cruz...Memory dims! Those who are still around - HELP!

Thanks, Johnny & Mila, I'll scrounge around for other precious photos!

There is Ernie Santos between Enteng Batas and Johnny Balaoing That is Fr Cicero Cebrero SJ who they called the Grand Night (darker than Noel daw). I can see Jimmy Cruz at the last row with raised forefinger.

There is a Miranda second to the last row but his first name won't download for now (he became Engg chapter head later). At the last row, the last guy at the right is from Cebu, but his name also won't download (he was executive of a company whose vessel sunk). Maybe tonight his name will come out. But I am sure Danny or Lisa will easily name him.

Mercy

OK folks, to make it easy, here attached is the same photo with numbers added on, and a table below with partial ID's.

To Pepito, Lisa and I can't ID those you mentioned below (in red). Can you give their numbers? And where is May?

To Mercy, it's Senen Miranda says Lisa.

To Ed, thanks for the backgrounders. Maybe we could expand on those Eng'g Before & After photos in "triv 35" of the link below. You and Mercy are there.

To Thelma, seems like this photo was about 1956 or 1957. Fr Cebrero was the predecessor of Fr Ortiz who was the chaplain when I came in 1959, yet I did get to know some of those in the pix.

To Johnny, yes many are in heaven already.

Cheers,

Danny

Thanks a lot, Danny, that was very helpful! ID'd in red: Patty is niece of Fr. Cebrero (to his right), Lerma sits right to May, Toto sits to my right & Demy (a.k.a Jun) is foremost in Front while Ding is at the back with photo of Fr. Delaney bet. him & H. Zamora!

Cheers to everyone - that was fun!
