

BORROMEIO FAMILY TREE

Version 4 – 12 Oct 2014
of Tanjay, Negros Oriental

INTRODUCTION:

This is one of the standard print-outs of the Family Tree Maker Genealogical Software.

The Introduction and Index have been edited in.

The print-out is generated from data mainly from the hardcopy printouts given to us by Chinchin Borromeo sometime in 2009, which we merged with the information on our Database gathered over the years from various sources. Recently, more data was emailed in by Danilo Borromeo.

Unique in this database is that each individual has been assigned a birth year, which is an educated guess based on date interpolation using assumptions of sibling spacing, and child-bearing years. Such dates are prefixed by about. Where an exact date is known, the birth years of the siblings, parents and children are adjusted accordingly. Still, many of the dates may be significantly off, since the order of births of siblings may be inaccurate, and/or incomplete.

This is not the official Borromeo Family tree. It is possible that some members of the Borromeo clan may have a more extensive listing with annotations, photos and other writeups.

The Database is a project to trace the inter-relational linkages between major families in the Tanjay area, by bloodline and marriage. As such, it may have errors, since some of the linkages between early forebears are unverifiable, unless a church/municipal record search is made.

The format of the print-out is as follows:

1. Arabic numeral prefix to each name is a unique number for each individual.
2. Names with a plus + prefix means that the name will appear again in later generations, in reference to their children.
3. Roman numeral prefix is the order of birth for siblings.
4. Small superscripted numbers indicate generational level of individuals.
5. Parenthesized names after emboldened name are forebears or bloodline of individual.
6. All years shown are estimated date of births (DOB) when prefixed by about.
7. Where full names are unknown, XXX are used.

We enjoin the clan members to make corrections/updates as may deem fit, such as filling in the correct names, DOBs, additional children and/or siblings, preferred deletions, etc. If sent back to <ferngil@aol.com>, we will update the database and reissue a new printout.

Last portion is the index which lists all the members alphabetically, and their corresponding reference number.
