

SITYAR FAMILY TREE

Version 5 –23 March 2018

INTRODUCTION:

This is one of the standard print-outs of the Family Tree Maker Genealogical Software.

This Introduction and Index are edited in.

The print-out is generated from data downloaded from the Tribalpages site of the Sityar Family as maintained by the webmasters.

<http://royalsityar.tribalpages.com/>

Majority of the original data in this Family Tree was pieced together from email exchanges between webmasters Frank Almonte Sityar, Gigi Gonzales Matias, Rory Sityar Abrera, and Manny Sityar which included the extensive hard-copy and electronic files. This was assembled by Danny Gil, who also included data from miscellaneous Face Book postings, plus more research on the internet. A good portion of the initial data came from a book published in the 90's "Memorias Intimas" by historian Almario wherein the index shows about 16 Sityars and their 76 offspring with spouses. Unfortunately, the listing is vague about how all of them are inter related, and certain logical assumptions and conjectures had to be made in building up the family tree.

The site was set up in December 2012 and quickly expanded with additional extensive detailed data such as pictures, birthdates, etc by Gigi, while Frank made the extensive introductory writeups and vignettes with photos on many of the early individuals. Rory sent in lots of scanned hardcopy data on Abrera portion of the clan, and Manny sent in more photos which are posted as references on the photo section.

Since posting on the internet, a number of clan members have volunteered additions, updates and corrections which have been incorporated.

The format of the print-out below is as follows:

1. Arabic numeral prefix to each name is a unique number for each individual.
2. Names with a hashtag # prefix means that the name will appear again in later generations, in reference to their children.
3. Roman numeral prefix is the order of birth for siblings.
4. Small superscripted numbers indicate generational level of individuals.
5. Parenthesized names after emboldened name are forebears or bloodline of individual.
6. Birth years prefixed by "about" are estimated.
7. Where full names are unknown, XXX or YYY are used, or other descriptive titles.

We enjoin the clan members to make corrections/updates as may deem fit, such as filling in the correct names, DOBs, additional children and/or siblings, preferred deletions, etc. If sent back to <ferngil@aol.com>, we will periodically update the database and reissue a new printout, as evidenced by newer Version numbers on the Sityar Family in the link below:

<http://tanjaycity.org/familytrees/famtrees.html>

At the same time, these updates will be posted right away on the Tribalpages site.

Last portion is the index, showing all the names in the Sityar bloodline with their corresponding reference number, and then a separate list of their spouses and partners.

The administrators.

Isa akong batang paslit, nag-iisang anak noon, ng isang katutubong Filipina (India, ang tawag sa mga panahong iyon) at ng isang Espanyol na Gaditano, primerong opisyal ng Administracion de Marina. Notes for Col Manuel `Hijo` Bernal Sityar Jr:

FROM THE BOOK PHILIPPINE AMERICAN WAR, 1898 TO 1902, BY ARMALDO DUMINDIM. On Oct. 25, 1898, the Academia Militar was established at Malolos, Bulacan with Colonel Manuel Bernal Sityar, hijo (meaning junior), as Director. Colonel Sityar was a Spanish mestizo who had served as a lieutenant in the Spanish Civil Guard. In 1882, he trained at the Academia Infanteria de Filipinas in Manila. He graduated from the Academia Militar de Toledo in Spain in 1895. He was born on Aug. 20, 1863 in Cavite City of an "Indio" mother and a Spanish father who hailed from Cadiz, Spain. His great grandfather was a lawyer to Spanish King Alfonso. His great grandmother was a relative of Queen Isabela. Both his grandfather and father were Spanish Dukes, and his father was in addition a commodore of the Spanish Navy. Sityar was the first to suspect the existence of a revolutionary movement. On July 5, 1896, he reported to the Civil Governor of Manila that certain individuals, especially in Mandaluyong and San Juan del Monte, were enlisting men for unknown purposes, making them sign in pledge with their own blood. But his report did not alarm the colonial authorities. Fifty-six days later, on Aug. 30, about 800 Katipuneros assaulted the polverin (Spanish powder magazine) at San Juan del Monte, igniting the Philippine Revolution. (153 Katipuneros and 2 Spanish soldiers died in this first major battle of the revolution). Sityar later defected to Aguinaldo's army at San Francisco de Malabon (now General Trias), Cavite on May 28, 1898. He declared, "I have served the country of my father with blood. Now I will serve the country of my mother with blood". Colonel Sityar served as aide-de-camp and assistant chief of staff to General Emilio Aguinaldo. In the Malolos Congress which opened on Sept. 15, 1898, he represented the province of Laguna. Sityar and his wife accompanied the president of the First Republic in his long and arduous trek to northern Luzon, from Nov. 13, 1899 in Bayambang, Pangasinan, until Dec. 25, 1899 in Talubin, Bontoc, Mountain Province. On that Christmas day, Aguinaldo, wishing to spare the 5 women in his entourage from further hardships (Aguinaldos wife and sister, Sityars wife and Col. Jose Leybas 2 sisters) ordered Sityar and a certain Colonel Paez to accompany the women and surrender to the Americans in Talubin. [Colonel Leyba was Aguinaldo's adjutant and secretary]. Aguinaldo and his party reached Palanan, Isabela on Sept. 6, 1900. Here, Aguinaldo was captured by the Americans on March 23, 1901. After the surrender at Talubin, Sityar quit the military life and taught at the Liceo de Manila when it was founded in 1900. Curiously, in the same year, the Queen Regent of Spain made Manuel Sityar Knight of the Military Order of Maria Cristina. Sityar was one of the founding members of the pro-American Partido Federal when it was organized on Dec. 23, 1900. He died in 1927.

The authorities have placed the crime to have been committed at approximately 6:00 p.m. Testimonies at the trial of the perpetrator revealed that the Doctor knew his assailant and had his back turned when the initial, non fatal, blow to his back was delivered. As the doctor turned to face his attacker he was again stabbed in the chest. This too was a non-fatal wound. Both were inflicted while inside the examination

room. The Doctor then ran to his adjacent office where he was again stabbed, this time fatally, on the right side of the chest.
